Details

- Join us for a local hike from Baar (Spinnerei) to Bachweg Brewing GmbH for a craft beer-tasting and lunch opportunity. Bachweg Brewing is a local & independent company, run by a small group of Americans & Swiss, brewing at their own small brewery located in a rustic old farmhouse in Edlibach (near Menzingen).
- The area is very scenic, beneath trees and along rivers and streams. The hike up follows a very gentle route for about 3.5km close to the Lorze river to Höll (near Höllgrotten). It then gets a little steeper, rising about 220m over the next 1.2km (about 20 minutes) as it follows the Höllbach stream up the valley but includes a completely flat section before rising gradually for the final 0.5km to Edlibach. The hike takes about about 1hr 40 mins overall.
- The terrain is not difficult although anyone with a low level of fitness might struggle with the steep bit (see the altitude profile next to the map).
- We expect to spend around 2 hours tasting Bachweg Brewing's various brews, accompanied by finger food in their cozy events room on the first floor of the old farmhouse. There is a pool table and various other games available.
- There are several options to participate:
 1. Participants hike to the brewery from Baar (Spinnerei) and hike back.
 2. Participants hike to the brewery and take the bus back (the bus stop in Edlibach is Oberedlibach, which is very close to the brewery).
 3. Participants travel to and from the brewery by bus.
