## SAD NEWS

Due to Tony Button's uncertain business schedule we are forced to cancel Business Lunches for the foreseeable future.

If anyone else would like to pick up the mantle and run the Business Lunches would they please contact Ivor Johnstone.

# 'SWISS ASCOT' THE INTERNATIONAL CLUBS' CHARITY DAY

Sunday September 7th. Strandbad, Hünenberg.

The day will loosely follow the theme of the Ascot races with various events and games having a horse (not real) type flavour.

**It also means that we invite you to dress up, or down, as though you were going to the races - you can dress as a jockey, an owner, a guest of the royal box, a tick tack man, a gambler, a trainer, a stable person, a punter in fact anyone who might be found at a race meeting - almost anything goes.**

Live entertainment will include the English Theatre Group and music by the band Triple By-Pass.

**TO MAKE  
'SWISS ASCOT'  
A SUCCESS WE NEED YOU THERE,  
September 7th  
is only a few days away**

IT'S STILL NOT TOO LATE TO VOLUNTEER TO HELP ON THE DAY. DON'T BE SHY JUST CONTACT ONE OF THE FOLLOWING ORGANISING COMMITTEE.

## SECOND VISIT to DE BEERS

WE HAD FAR MORE PEOPLE MAKING RESERVATIONS FOR THE AUGUST DE BEERS VISIT THAN COULD BE ACCOMMODATED.

As a result De Beers have been good enough to arrange for a second visit to take place at 10.00 hrs on Monday SEPTEMBER 29th 1997.

This event is also fully booked but if you want to put your name on the stand-by list then telephone or fax David HARRIS now.

Those who have booked will shortly be notified by letter of the exact location and address of De Beers, Lucerne.

## DEADLY DOMESTICS

In Thailand, over the past 17 years, some 100 men have been 'BOBBITISED' (had their penises cut off) by angry wives.

## POOL

The first post summer meeting will be held on September 17th. At the Cherry Bowl, Baar. See the 'Future Club Events' column for dates.

This jolly group of pool players is lead by Stephen BUTTERWORTH. For more information contact him direct on - Tel: 041-790 41 94 Fax: 041-790 41 72.

## STAMMTALK

The STAMM meets in the Seerestaurant, Casino, Zug every Thursday, from approx. 17.30 to 19.00 hrs, for a sociable drink and wide ranging very informal discussions on the worlds problems and other less (sometimes far less) important items.

If the Casino is closed for any reason we default automatically to the Park Hotel.

## KISS ME KATE

The English Theatre Group of Zug are staging this well known adaptation, by Cole Porter, of Shakespeare's 'Taming of the Shrew'.

Performances will take place on September 12, 13, 16, 17, 19 & 20 in the Casino Theatre, Zug.

## Sfr 50M TURNOVER FROM T-SHIRTS

The Women's Business Forum section of the ZIWC has invited the IMCZ to a talk on Tuesday 28th October to be given by Robin Cornelius - owner, founder and manager of Mabrouc SA manufacturer of SWITCHER T-shirts.

In 1996 Mabrouc SA achieved a turnover of Sfr 50M making Robin Cornelius the most successful T-shirt manufacturers in Switzerland.

More about this and a booking slip next month.

## ALTERNATE BREATHING

Strange but true - it seems that we breathe through only one nostril at a time on a two to three hour cycle. To check this out close each nostril in turn and breathe through the one nostril. Notice that air flows easier through one nostril. That's because the other is essentially in 'nostril snooze' mode.

This rhythm can be interrupted - for example if you put a crutch under your right arm your right nostril will close down and if you sleep on your right side, you'll breathe more through your left nostril.

## SAYINGS and their origins

### 'TO GET THE SACK'

This phrase originated in France during the 17th century, when workman habitually carried the tools of their trade in a large bag or sack. When they were dismissed they were handed their sack of tools and told to be on their way.

# IS THERE A MANHOLE COVER ORBITING THE EARTH?

In August 1957 scientists at Los Alamos, New Mexico detonated a nuclear device down a mineshaft as part of project Thunderwall. A cast iron manhole cover was used to seal off the mineshaft.

When the weapon was detonated a film recording showed the manhole cover heading straight up and headed for space at a phenomenal rate. The project engineer believes that the manhole cover could well have achieved escape velocity (28,164kph or 17,500mph) and become the world's first satellite launch.

If a fresh analysis of the project film proves this to be correct then perhaps history books will have to be rewritten as it would predate Sputnik One by two months.

## INTERESTED IN MODEL RAILROADS?

Then do not forget the EISENBAHN MODELLBAU 97 at the Verkehrshaus in Lucerne from October 4th to 12th. This is a super exhibition and well worth a visit. It's open daily from 09.00 to 18.00 hrs.

The basic entry fee is Fr 16 with other prices for children, groups and families. For more information you can call the Verkehrshaus on Tel. (041)370 44 44 Fax. (041)370 61 68.

.....

## IMAX THEATRE

The Verkehrshaus are now showing five different IMAX films throughout the week. They are 'Destiny in Space', 'Whales', 'Grand Canyon', 'Blue Planet' and 'Africa, The Serengeti'.

Shown on the big screen with amazing clarity and full surround sound all these films really are worth seeing.

To find out the exactly when each film is to be screened and book tickets you can call the IMAX Theatre direct on the ticket hotline Tel. (041)375 75 75 Fax. (041)375 75 00.

# GO KARTING

The more observant of you will have noticed that Go Karting has been dropped from the FUTURE EVENTS LIST. This is unfortunate as I, for one, was particularly looking forward to this event. Our apologies to those who were equally keen.

We will re-introduce Go-Karting at a later date when we have more time and space in the schedule.

.....

## SPECIAL INTEREST GROUPS

Just as soon as Charity Day 97 is behind us the board will take stock of the replies to special interest activities and advise accordingly.

It does look as if there could be enough people to look seriously at the ballroom dancing.
