OBITUARY

'Its never an easy matter to compose or write an obituary and this one is particularly difficult' DH.

It is with overwhelming sadness that we must advise the death, following a short illness, of Anita Bevan.

Anita will be remembered as a lady in the true sense of the word. Our thoughts are with Gwyn and his family at this time.

There will be a Memorial Service for Anita at 14.30 hrs on Friday November 7th at the Reformed Church, Zug.

ANNUAL GENERAL MEETING

This is really an advance warning as official notification will go out in the December NEWS. We have to put our thinking caps on as two Board members must, for business reasons, retire from active service. They are Hans Häcki, our Secretary, and Christoph Rechsteiner, the Club Treasurer.

Whilst they both retire from the Board we know that they will both participate and even organise events as and when their work permits.

But the search is on for a new Club Secretary and Treasurer - are there any suggestions out there. If you have any thoughts on the subject then please contact Ivor Johnstone or David Harris

WHAT ARE THEY FOR?

Almost all roads in and around Zug have square yellow markings at specific distances and more-or-less along the centre line - why? - are these to facilitate easier speed control from the air?

Also on the autobahn, at least in Kanton Zug, strange black vertical cylinders (approx. 1m high by 15 cm diameter) have sprouted. These carry an electrical symbol and appear on both sides of the carriageway at irregular intervals. What is their eventual purpose?

On the parapet of all autobahn bridges in Kanton Zug there are small coloured triangular and round symbols. What are they for?

WELCOME

The Club extends a warm welcome to the following new members:

Ernst SPECKER - ISECO GmbH
Joop HUBBELING - Eastman Chemical
Dr Franz Hagman - University of Zürich
Theodor LEUENBERGER - University of St Gallen
Dr David REINISCH - Dental Surgeon

THANKS GIVING

For various reasons beyond our control we have had to abandon the 'Thanks Giving Dinner' for this year. Our apologies to all those who were looking forward to this.

IMPOSSIBLE?

The world's smallest guitar has been sculpted out of silicon - it is one twentieth the thickness of a human hair. Scientists at Cornell University say that the six 100 atoms thick strings could be played but the notes would not be heard.

REVENGE!

New Yorker, Costas Poon, was outraged by his hairdresser who overdid his highlights turning his afro hair style blond and creating a bald patch.

Refusing to suffer in silence Costas kidnapped the hairdresser, shaved him, painted him silver and super glued him to his shop window.

He would be out of his depth in a car park puddle

CHARITY DAY PRESENTATION

On the evening of November 20th the ZIWC and IMCZ Charity Day organising committee will, in a short presentation, hand over cheques to representatives of the selected charities.

POOL

The next pool session will be on Wednesday November 12th starting approx. 19.30 hrs at the Cherry Bowl in Baar.

This jolly group of pool players is lead by Stephen BUTTERWORTH. For more information contact him direct on - Tel: 041-790 41 94 Fax: 041-790 41 72.

STAMMTALK

The STAMM meets in the Seerestaurant, Casino, Zug every Thursday, from approx. 17.30 to 19.00 hrs, for a sociable drink and wide ranging very informal discussions on the worlds problems and other less (sometimes far less) important items.

If the Casino is closed for any reason we default automatically to the Park Hotel.

SPECIAL INTEREST GROUPS

The board will be looking into the possibility of picking up on at least the ballroom dancing. There was quite a bit of interest here especially as a number of us are less than qualified to lead our ladies onto the dance floor.

Any views or opinions expressed in the IMCZ NEWS are those of the contributor and are not necessarily those of the Club.
