GOLD PROSPECTING and BBQ

On July 4 the IMCZ and guests go to Bramboden to prospect for gold. This is real back to basics stuff with a pan and a shallow river/stream. An excellent day for the family complete with barbecue.

We meet at HASLE (LU) Bahnhof at 10.00 hrs. After a quick briefing we will drive on a few kilometers to the gold panning site.

If the weather is too bad for finding gold an alternative activity will be run.

You will need Wellington's and clothing suitable for 'roughing it'.

Book this event in your diary now and look out for the registration form with your July IMCZ NEWS - which will be sent out in good time for you to register

MAY 4th TALK

There was a good turn out for this presentation by Bill HALL the Financial Times correspondent from Zürich. Bill marched a middle course throughout the evening putting points both for and against Switzerland joining the rest of Europe.

Being an outsider (his words) and a correspondent and being unaware of various emotional aspects he was able to offer unbiased thoughts concerning Switzerland's future in Europe. He hastened to add that the future should be looked at short term and long term and that perhaps the two might not ultimately agree. There was also the question of the average guy in the street and the major players - who would or would not benefit. A thoroughly interesting and thought provoking talk but the question still remains 'Can Switzerland Survive in Euroland?'.

As a final question Howard ROSEN asked the audience how they would vote at this moment in time - surprisingly the response was NO. But that response would have to be analysed to be meaningful. For example your reporter voted and he is not Swiss.

Our thanks to our partners for the evening the **British Swiss Chamber of Commerce** and to **Howard Rosen Solicitors** for organising the event and to the sponsors the **Financial Times** and **AT Kearney (International) AG**.

WE DID IT AGAIN!

IMCZ WINS ZIWC v IMCZ BOWLING CHALLENGE

Just how we managed to win for the fourth year running is something of a mystery - the ZIWC, whilst fielding a small team, were dedicated to some quite outstanding play. But regardless of who the ultimate winners were the evening proved to be very sociable and a lot of fun.

Congratulations to the following prize-winners:

Overall winning team: Jurgen Gersand
Rolf Hodener

Highest scoring Ladies team:
Kim Eckart
Renate Eckart

Individual highest score:
Man - Jurgen Gersand
Lady - Kim Eckart

Social Bowling highest score:
Sarah Bentley

Our thanks to the organiser, Ivor JOHNSTONE.

SELEGER MOOR VISIT

On Wednesday 19 May, despite gloomy prospects of rain all day, the skies cleared just in time for over 20 members and guests to enjoy a glorious, sunny evening being shown around the Seleger Moor gardens by our member Roland DUNNER.

After an apéro and excellent barbequed Swiss sausages, Roland showed off his paradise. The Seleger Moor is the biggest collection of Rhododendrons and Azaleas in Switzerland (and probably Central Europe) and was in full bloom. The beauty and scent of these wonderful flowers was most impressive. We were also introduced to some magnificent new varieties which are still being developed and are not yet available to the general trade.

Our thanks to Roland for organising a most interesting and enjoyable evening.

GETTING TO THE IMCZ BBQ ON JUNE 26

From Zug drive to **Unterägeri**. As you enter the town (almost opposite the police office) you turn right at the signpost for **Hürital** (on the same post there are signs for Altersheim and Gewebezzone) into **Neushellstr.** Drive on until you reach the **Zugerbergstr.** Turn right here. Continue on until you get within sight of the **Landgasthof Schützen** and a **40 limit/PRIVATE** sign. This is a junction of four small roads - you want the middle road of the three facing you.

From this point on follow the IMCZ SIGNS placed at the road side

Ambivalent? Well yes and no.
