Restaurant, Zug

IMCZ to visit MULTIFORSA Steinhausen

Tuesday October 29 2002
Meet 18.45 hrs MULTIFORSA reception

Founded in 1946, today MULTIFORSA employs 150 people and specialises in the production of food and feed additives.

A special process was developed for the production of cold pressed wheat germ oil. This product, rich in natural folic acid, better known as Vitamin B9, can be found in many food products making up our daily diet and MULTIFORSA is proud to be a world leader in this field.

Apart from visiting the process line we will also see the innovative way in which MULTIFORSA manages energy consumption by maximising energy use.

Due to space restrictions the numbers allowed on this visit are limited to a maximum of fifteen so admission will be on a first come first served basis.

The visit will take approximately one hour; afterwards there is the option of meeting in the Rössli, Steinhausen for dinner (at your own cost).

The closing date for making your reservation is 21 October 2002.

Reservation should be made to

John STUART,

St Adrianstr 22A, 6318 Walchwil.

Tel: 041-758 25 93 Fax: 041-758 25 94 E-Mail: stuartj@ch.sibt.com

Driving instructions to MULTIFORSA are given overleaf.
