EVENT 1

IMCZ VISIT TO THE ATOMIC POWER STATION GÖSGEN

Saturday November 9 2002

Meet at the plant entrance at 09.30hrs

The Gösgen atomic plant started up in November 1979 as the very first Swiss 1000megawatt reactor. Since that time the plant has been upgraded to increase safety and output. Today's capacity is 8 milliard (billion) kilowatt hours and covers about 15% of Switzerland's electrical needs.

The plant currently employs some 400 people.

The visit will last approx 3 hours and include visits to the control room, powerhouse and cooling tower.

With atomic energy being a hot subject today we hope that many members will take this opportunity to learn first hand about atomic energy production and the safety aspects.

Family members and friends are welcome to join the visit, there is however a minimum age limit of 18 years.

ALL VISITORS MUST PRESENT A PICTURE ID AT THE PLANT ENTRANCE.

**ALL PEOPLE WANTING TO JOIN THIS VISIT

FUTURE EVENTS

The IMCZ Board is constantly searching for
new and interesting presentations and visits
for future events.

If you have ideas or contacts please speak
with our Club secretary now.

8th IMCZ ANNUAL PRO-AM CHARITY GOLF TOURNAMENT

Our apologise—due to money still coming in
and work commitments of the various people
involved, plus the early publication date of
this IMCZ NEWS we are unable to provide
full information regarding money raised for
the two charities as promised.

This will definitely be reported on in the next
issue of the NEWS

IMCZ 25th YEAR

Your editor got his sums all wrong. As the
official founding date is given as June 1979
then clearly 2004 is the Clubs 25th
anniversary.

There had been a number of meetings,
stretching back to the previous year, but
nothing official, which is where the error crept
in.

CHANGE

Please note a new E-Mail address for our
esteemed Club Secretary.
