Seleger Moor

May 21st

It is that time of the year again when we make our annual visit to Seleger Moor to see their vast collection of various Rhododendrons, Azaleas and other amazing horticultural examples from around the world.

We have been assured that this is the best time to see these amazing creations in full bloom so remember to bring a camera.

Also, as Seleger Moor is celebrating it's 50th year, they are having a photographic competition. Take the best photo and win a major prize! Before the guided tour (in English) we will have a quick snack with sausages, hot dogs, wine, coffee and whatever else is on hand.

Seleger Moor is in Rifferswil just a few kilometres from Zug. The visit starts at 6:00 pm and lasts for about 2 hours.

Please send your registration forms to **John Stuart**.

More details on Seleger Moor can be seen at their web site www.selegermoor.ch.

New !! The Great Feelgood Company !

Members may be interested in a new restaurant which has opened in the area. Stephen Clarke from England has opened a restaurant, shop and conference room close to Hausen am Albis.

Children are very welcome and sometimes it's possible for them to ride the pony! The restaurant commands marvellous views over Zug and the surrounding mountains. Just the thing for summer!

More info can be found on the web site which obviously reflects the image Stephen wants us all to have.

Bowling

Although this wasn't an official IMCZ outing, a member of ZIWC got a few people together on April 9th and we had a very relaxing evening playing 10-pin bowling.

A big thanks goes to Gina Rastall who did a great job of organizing the evening.

It was such good fun that we're having another on May 14th.

Anyone who's interested should contact **John Stuart**.

THIS SPACE HAS BECOME AVAILABLE FOR ADVERTISING
at the modest cost of Sfr 100 per issue.

REGA

The IMCZ visit to the REGA organisation, based at Kloten, was superb. We learnt about the full scope of the REGA interaction with other services to offer an efficient and comprehensive rescue service. The service uses helicopters and fixed wing aircraft in an operation which is essentially global. Having learnt about the history of REGA we visited the hanger where REGA engineers maintain all aircraft in top working order ready for immediate operation. This was followed by visit to the operations room, which is manned 24 hours a day, where staff coordinate the services involved.

The picture on the left, taken by Manfred Lüdi, the event organiser, shows the IMCZ group gathered at the steps of one of the fixed wing aircraft.

The Board wish to thank Manfred Lüdi for organising yet another successful visit.
