Visit to Seleger Moor

**Wednesday 18:00, 19th May 2004 (next week!!)
Seleger Moor, Rifferswil**

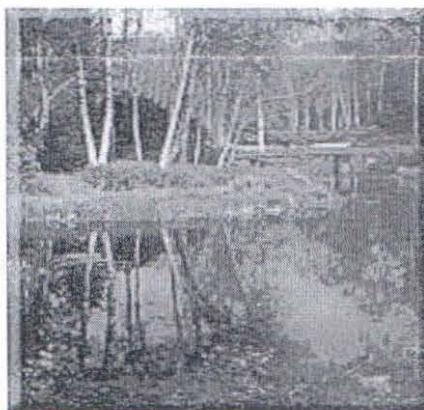

It is that time of the year again when IMCZ makes their annual visit to Seleger Moor to see the vast collection of various Rhododendrons, Azaleas and the other amazing horticultural experiences which are hidden for most of the year up there.

This is the best time of the year to see the full bloom of the gardens at Seleger Moor so remember to bring a camera.

We will all meet at **6:00pm** at the entrance to the gardens and have a quick snack with sausages, hot dogs, coffee, wine and whatever else is around.

Then, IMCZ member, Roland Dünner, will give us a guided tour of the gardens in English.

The tour will last approx. 90 minutes.

The event has proved to be very popular in previous years with members and guests. The date of the visit is carefully scheduled to coincide with the date that most of the specimens will be in full bloom.

Directions:

Seleger Moor is in the Rifferswil area just a few kilometres from Zug on the road between Baar and Affoltern am Albis. It is well sign-posted.

Please let John Stuart know (either by e-mail, fax or telephone) if you intend to come along.

Report on our Stag Night

..... From this quaint traditionally Swiss scene you see on the left, our Stag Evening progressed in an orderly fashion to the scene you see below.

The evening started with an apéro in the garden of the Pulverturm serenaded by a trio of Swiss Alphorn blowers.

This was followed by a splendid meal on the first floor and then the evening really got underway when the gorgeous "Anna" appeared like a vision to show us the intricacies of belly-dancing. All the members had a chance to try it out and, with some notable exceptions, I think it was a good performance.

Interesting to note that this is the only photograph we have that is actually "in focus".

Well done to the organizers of the event ... it really was a great evening !!

Seleger Moor Visit

27 members of IMCZ and ZIWC came along to a lovely evening at Seleger Moor to see the vast collection of flora they have there.

The evening started with a drink, of course, and a BBQ-type snack to get us in the mood and give us the energy to enjoy the guided tour provided by Roland Dünner, our host.

A big thanks goes to Roland who, once again, gave us a remarkable insight into the beauty and splendour of Seleger Moor.
